Professional expertise

patent infringement litigation and related dispute resolution, patent portfolio strategy and prosecution, patent invalidation proceedings, trade secret litigation

Personal Profile

Xiao Shufang, Partner, Patent Attorney, and International Legal Consultant. With over a decade of professional experience, named one of the Top 45 LegalOne Practitioners of 2025 · Intellectual Property, she was honored as one of Beijing's Top Ten Outstanding Patent Attorneys in 2015 and currently serves as an intellectual property advisor to multiple listed companies. Attorney Xiao specializes in patent infringement litigation and related dispute resolution, patent portfolio strategy and prosecution, patent invalidation proceedings, trade secret litigation, and patent-related advisory services.

Throughout her career, she has managed over 2,000 invention patent applications and more than 400 utility model applications, achieving an invention patent grant rate exceeding 90%. She has led multiple patent infringement cases with claims exceeding tens of millions of RMB and handled over 100 patent invalidation cases. Widely recognized by clients for her deep expertise, she has developed unique and effective insights into the application of intellectual property law, successfully resolving numerous complex IP challenges. During her practice, Xiao has spearheaded collaboration negotiations between enterprises and international industry leaders, ultimately facilitating partnerships while managing all associated intellectual property matters throughout the cooperation process. Her extensive enterprise service experience includes significant work in trade secret management, having completed multiple trade secret management projects for companies such as Changzhou Fuxi Technology, Jiangsu Henghui, and Beijing Huayu Innovation. She has secured favorable outcomes in patent infringement and invalidation cases for clients including Zhongjian Yixingyuan, Zhongji United, KraussMaffei Machinery, Liaoning Juxin, and Lanzhou Ruipu. Attorney Xiao regularly conducts tailored training seminars for clients, incorporating the latest domestic and international IP developments to help formulate effective intellectual property

protection strategies.

Serving numerous large corporations and research institutions, Xiao Shufang provides comprehensive patent services including patent mining, portfolio strategy, infringement analysis, and reexamination/invalidation proceedings. Known for her meticulousness, dedication, and professional rigor, she consistently earns high praise from her clients.
